

2" closure plate

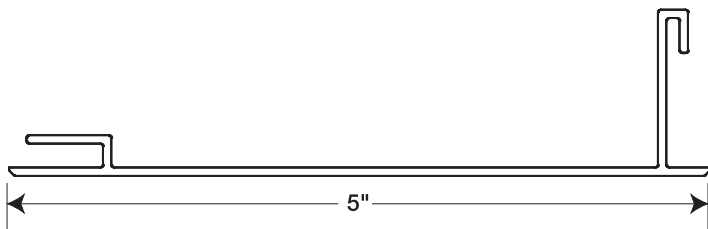

Closure mount without tile support

3 inch closure plate

Closure mount with tile support

5 inch closure plate

- Closure plate is a removable bottom plate that attaches to 4.75" x 5" dual shade pocket or closure mount to hide the roller tube and mounting hardware from view.
- Closure mount is used with recessed mount applications.
- Available in white powder-coated, clear anodized, and anodized bronze (special order) finish.
